1800 495. 1782 Three standing figures, the middle one personifying *Dienaar*
Holland, on the left a woman with her hand on a Shield on which is inscribed "De vereenigde Staaten van noord America," on the right a woman holding an olive branch, also leaning on a Shield on which is "Groot Brittanien." Rev. a long inscription addressed to the States of Friesland; a fine Proof impression; scarce, size 28.

3300 496. 1782 "En Dextra Fidesque," on the left a woman sitting on *Harris*
a bale of goods, resting her left hand on the Shield of Holland, her right extended to receive an olive branch from a man in classic dress, who with his left hand supports a staff, from which flies the "Stars and Stripes." On the reverse a long inscription translated thus, "Hail to you American who have fought out your freedom" &c. &c., very fine condition; rare, size 20½.

3200 497. 1782 "Nederland verklaard America vry" ("Netherland *Harris*

5500 498. 1783 Libertas Americana. Louis the 16th sitting on a *Cohen*

I have been enabled to describe the preceding five Medals with tolerable accuracy by the aid of Mr. W. S. APPLETON's very interesting account of the

Revolutionary Peace Medals connected with the United States, which will be found in the second volume of the American Journal of Numismatics, No. 7, with a much more detailed account of these and several other of the Revolutionary Medals relating to the United States.

- 1000 499. A beautiful impression of what has hitherto been called a *Stewart* Medal commemorating the Division of Carolina into two States—North and South. On one side “Glowing Arts adorn Empire; Queen Caroline watering the Palm trees; exergue—Caroline protecting, 1836.” On the other side, “Both hands filled for Britain.” King George as Pallas, standing amid emblems of Art, Industry, &c.; exergue—“George reigning.” Silver; size 35.

In reference to this Medal, I beg to refer the Collectors to two very interesting communications in the N. Y. Journal of Numismatics, the first in Vol. II., No. 11, March, 1868, and the other in No. 9, in Vol. III, January, 1869, by which it seems now clear that it should properly be called the Jernagan Cistern Medal, and the Palm trees induce me to think that in some way it has reference to this country.

- 2100 500. EUROPE ALMAM NE TARDET PACEM. (May it not delay *Beetz* the fair peace of Europe.) in exergue MDCCLXII. At the the right is a column, on the front of which is placed the Arms of Russia.* At the base of the Column, the Shields of Great Britain and France rest against an Anchor, the Shield of Great Britain partially covering that of France. At the left is an American Indian, in his left hand a bow and arrow, and holding in his right hand a Cupid, which is in the act of placing a Statuette of peace on the top of the column. *Rev.* DURET USQUE AD EXTREMUM. (*May it endure forever*) in the exergue BELG. FOED. (*The Treaty of the Netherlands*) in field J. G. Holtzhey, Fec. At the left, a Lion representing England facing the right, with his left forepaw resting on a bale of merchandize, and grasping with his right forepaw a pole surmounted by a Liberty Cap, near the top of which is a bunch of arrows and an olive branch. To the right is Mercury facing the left, with his left arm upraised, holding in his left hand the Caduceus and a branch of

* This peace was brought about by the neutrality of Russia.

laurel, his right resting upon the Lion's head. In the right of foreground is a cornucopiæ, a galleon and barrels; in the left foreground, bales of merchandize; in the distance the ocean covered with ships.

This Medal was evidently struck to commemorate the preliminaries of the the peace of Paris, and the end of the Seven Years' war.

By this treaty the Provinces of Nova Scotia, Cape Breton and Canada, together with the Acadia and Louisiana to the Mississippi, were ceded to Great Britain.

- 12 00 622. 1793 One hundred for a Dollar round the edge; Wreath Cent, a fine impression of this variety, which is scarce and seldom found in really fine condition, a little rubbed on the head, Planchet bruised, not interfering however with the impression. *Gerhard*
- 38 00 623. 1793 Wreath Cent, usually described with Stars and Stripes, an uncirculated piece and extremely rare in this condition. *Rhodes*
- 19 00 624. 1793 Chain or Link Cent. The Obverse shows very slight marks of circulation, the reverse uncirculated; extremely rare in this condition, and a very desirable cent. *I. B. Smith*
- 32 50 625. 1793 Another Chain Cent, finer than the preceding, in fact very nearly uncirculated, a variety—Liberty, and date being punctuated and different in other respects; rev. same as the last; very rare. *Betts*
- 145 00 626. 1793 Chain Cent, *Ameri.* The most beautiful cent of this variety ever yet offered for public competition, perfectly uncirculated; the obv. has a fine polish, the rev. beautiful. Cracked die; exceedingly rare. *Rhodes*
- 28 00 627. 1794 An extremely fine Cent, red color; uncirculated, scarce. *Keeney*
- 6 00 628. 1794 Another slightly circulated; variety smaller date. — *Jenks*
- 25 00 629. 1795 Thick die: this is an unusually good impression of this scarce type, not much circulated; has an ugly cut on the rim of the coin. *Williams*
- 30 00 630. 1795 Thin die, uncirculated and red color, but rather a weak impression; a very desirable piece. *Mason*
- 24 00 631. 1796 Liberty Cap, an unusually good cent of this type, very little rubbed on the head; still very desirable and scarce. *Keeney*

- 1300 637. 1800 This is a remarkably fine cent for this date, it has however been polished to give it the appearance of a proof. It is one of the best impressions I have seen for a long time, and really rare to get in such a state of preservation. *Mason*
- 1300 638. 1801 Bright red and a beautiful impression, but showing the *slightest* mark of circulation; a most desirable cent. *Rhodes*

20 00	733.	The large Medal known as the Eccleston Medal, and the finest impression I have ever had in my possession—the dye by Webb. The following is a literal description: Bust of Washington in the centre; inscription, “General Washington—inscribed to his memory by D. Eccleston, Lancaster, MDCCCV.” Rev. “He laid the foundation of American Liberty in the XVIII Century—innumerable millions yet unborn will venerate the memory of the man who obtained their Country’s freedom.” This inscription is in circles; in the centre, in a bolder circle, is an Indian leaning on his bow, his left hand securing the position, and in his right he is holding an arrow.
